About Coyle

Coyle Group is an industry-leading provider of contract safety personnel and safety outsourcing solutions, specializing in the Wind Energy & Utilities sector. With over 20 years of experience, we understand the paramount importance of ensuring workplace safety. Our dedicated team of professionals excels in managing safety for construction projects, guaranteeing compliance with all relevant legislation and regulations. From onboarding and selection to performance management, we possess the expertise to handle all aspects of personnel management effectively.

We take pride in our ability to match highly qualified candidates who meet your business's specific needs and industry standards. Coyle Group demands and expects nothing less than the best, which is why our clients choose us to deliver projects that are safe and injury-free.

Our Clients

Our Services

Contract Safety People

Coyle Group people are provided on a contract-only basis. All our talent are graded using our unique people performance tool. We continuously monitor our people's performance, and we support them in their careers and in their project goals.

Consulting Services

Coyle Group provide compliance services such as; Gap Analysis, Site Safety inspections, Modern Day Slavery Assessments, Diversity and Inclusion reports, Risk Assessments and Risk Maturity Assessments.

What They Say:

"Coyle Group have always provided our company with the most effective solutions and have always been 'extremely supportive'" - Christina Prado, Plant Manager (John Sisk & Son Ltd)

"Jones Engineering found Coyle Group to be very proactive an efficient in assisting us with our staffing needs" - Declan Grady, (EHS) Manager (Jones Engineering Group)

"We have worked with Coyle Group to independently that we've delivered on our promise of safety. It's partnership which has achieved real improvements in our H&S performance" - Des Regan, Director Operations (Rengen Power)

"We want to go far further [than the regulations] Coyle Group thinks the same way" - Liam Mannion, Health & Safety Manager (ESBI)

"The people skills and commitment levels demonstrated by Coyle Group contributed in no small part to the safe completion of this very challenging project" - Tom Gill, ESB Plant Manager, Poolbeg Powerstation - Ireland (ESB)

"Gavin Coyle and the team have given us valuable safety insight over the years, working mainly in our windfarms but also on conventional power stations" - Brian Linton, Projects Director, Energia

"The bespoke health and safety training that Gavin Coyle developed and delivered was excellent! I thoroughly enjoyed the training and would recommend Coyle Group to others" - Chris Nielsen, HSE Onshore Wind UK/IRL (Innogy Renewables UK Ltd)
